**Building in Progress** J. W. Honaker has let the contract for rebuilding his store house, which was burned recently, to Lee and Ed Palmer and Charlie Myers and work was begun Monday and will be pushed rapidly as the weather will permit. The building was occupied by R. C. Byron as a grocery stand. Mr. Byron has also rented the new building and will resume his business with a new stock of goods as soon as the house is completed.

**OUTLOOK \$1.50 PER YEAR.**

**Opening Tobacco Sales.** A crowd estimated at ten to fifteen thousand interested men from all the tobacco growing States, attended the opening of the loose-leaf market at Lexington Monday.

The prices offered were very disappointing, although every one expected lower prices than had been paid for several years. The conditions are reported as highly unsatisfactory and the prices offered almost threw tobacco growers into a panic and there was much talk of holding the present crop indefinitely and cutting out the 1921 crop altogether, but this will probably not be done as the bankers who have financed the crop say they are not in the condition to wait so long for their money.

A total of 412,305 pounds of tobacco sold at an average of \$20.44 a hundred. The highest price paid was \$69 a hundred for one basket, and the prices ranged downward to a fraction of a cent a pound. The Mt. Sterling market opened with gloomy prospects. Selling lasted but a short time, the bidding being so low that but few would let the tobacco go. About the same is reported of the market at Paris, Carlisle and Flemingsburg.

**JAS. H. MCGREGORY** Jas. H. McGregory, late of this place, died Thursday at Colorado Springs, of tuberculosis. He had been ill about two years ago, going to benefit his health. Mr. McGregory will be remembered as the genial and polite manager of the Jackson & Shroat or Farmers Union store. He came here from Fleming county and made friends from the beginning of his stay until he left for the West. He operated a store at Odessa for several years. Mr. McGregory was about 51 years of age. He was a son of Robert McGregory, of Fleming county, and is survived by two brothers Melvin McGregory, of Los Angeles, California, and Will McGregory, of Grange City. At his request he was buried at the Owingsville cemetery after brief funeral services at the M. E. Church. He was never married. In spite of ill health Jim McGregory was a jovial gentleman and most companionable. His residence here will be remembered pleasantly by all who knew him and his death will be regretted by many friends.

**RICHARD WEEDON** Richard Weedon, aged 52 years, committed suicide Thursday morning by shooting himself through the head at the home of Mrs. Weedon's mother Mrs. Sam Ratliff, of Stepstone neighborhood. The cause of the deed is supposed to have been poor health, the result of an incurable malady. Mr. Weedon's home was on his farm a short distance south of Preston. Deceased had spent most of his life in Mt. Sterling, where he was engaged in business. He was a highly respected citizen and popular with all who knew him. He is survived by his wife and one son Mitt Weedon. The burial was at Mt. Sterling.

**AMERICAN LEGION MEETING.** Bath Post had an enthusiastic meeting at the court house New Year's night and elected J. S. Piper as Commander of the post and Rev. Wilson Chaplain. Mr. Piper was elected to fill the vacancy occasioned by the removal of Commander McCoy to Pikeville. The meeting dates of the post was changed from the second Monday of each month to the second and fourth Sunday afternoons of each month. Meetings will be held at 2 o'clock.

After the meeting at the court house a banquet was held at Mrs. Warner's restaurant. D. W. Doggett presided and acted as toastmaster. R. W. Kincaid, Rev. Wilson and J. J. Nesbitt responding to toasts. A special feature among the discussions was the need of permanent quarters or club rooms for the Post. In many other counties of the State rooms have been provided by the help and co-operation of the citizenship. Bath Post has been handicapped because of the lack of funds, as it takes quite a good deal of money to provide and furnish rooms as they should be. The people of this community and the county should help them in raising the necessary funds and doubtless will when asked to do so. The Post, or some one for them, should appoint a committee and ask for subscriptions for this purpose.

H. S. Fieldin has been employed as pastor of the Christian Church of this town for the year 1921 and preached his first sermon Sunday.

## BE PREPARED FOR COUGHS AND COLDS

You know how common these ailments are, how they come most any time and how easily they are so relieved if attacked at the beginning. Left alone, however, they frequently grow worse and often develop into a serious disease that may prove fatal. Keeping a supply of good reliable Cough and Cold Medicines on hand is therefore good judgment.

**Rawleigh's Cough and Cold Medicines** have helped millions of people overcome these troublesome ailments during the past quarter of a century. They have been used by children and adults with the most satisfactory results. A trial will convince you.

**RAWLEIGH'S COUGH SYRUP** is an old time-tested preparation of unusual merit for coughs and hoarseness. Very soothing to the inflamed tissues and helpful in loosening and expelling phlegm.

**RAWLEIGH'S COUGH LOZENGES** are highly medicated and composed of just the right combination of ingredients for overcoming coughs, tickling in the throat, and hoarseness due to colds. Pleasant to taste and convenient to use.

**RAWLEIGH'S COLD TABLETS** contain quinine in its most valuable form and in addition are somewhat laxative, making them particularly useful in overcoming colds.

**FORD**

Shroat, Piper & Shroat.

Several inquiries have lately come to us concerning the likelihood of another reduction in the price of our cars, and as these inquiries no doubt emanate from prospective purchasers, we want to state again with greater emphasis that Ford cars are already being sold at a figure actually below cost and for an indefinite period another reduction or change in design is entirely out of the question and not at all contemplated.

We believe the public will be fair enough to fully appreciate the frankness of the above when they consider the extent of our recent price cut which was in fact the equivalent of several reductions in one, in our desire to contribute toward satisfying their demands for lower living costs notwithstanding our sacrifice in marketing our cars at a loss until we are able to materially reduce present costs through lower material prices and greater manufacturing efficiency. While we have of course made some progress in bringing down operating costs, we still have a long way to go before any thought can be given to further reductions in present car prices, so we have no hesitancy in making these open statements to acquaint you with the true situation.

You can therefore give assurance to prospective purchasers of Ford cars that now is their real opportunity to buy below cost and obtain delivery. Every one is familiar with the heavy demand for Ford cars in the spring and this year will be no exception, as in spite of conditions, business is already rapidly accumulating, so that many who desire Ford cars will be obliged to wait perhaps to till midsummer for delivery, causing considerable inconvenience and possibly financial loss, particularly to commercial customers.

We expect you to protect the interests of prospective buyers in your community by placing these facts before them.

Yours very truly,

**FORD MOTOR COMPANY**

W. A. RYAN, Manager of Sales.
